We missed the AS deadline but we are getting funding from our national partnership.

Luke move to fund \$300 for the event.

Tiffany-she mentioned donating.

Donating is different than fundraising

Proposal for Art Installation-They are requesting for an extended time to post art in UCEN which requires a 3/4 majority.

We are just gonna run through it since we have a lot of time. We are gonna do popcorn reading. The postings will be temporary. They will be down by the time AS Elections come around. This is for spreading information about students against mass incarceration. AS campaigning starts Thursday Week Nine.

Madelyn-Has she checked with Armando if the space is available?

She will be hanging stuff over the railing not really on the wall.

Emily-I looked up the rules for posting the posters. Banners must be connected to an event. Banner space is on a first-come, first serve.

Banners must be connected to an event and be printed with an event date on it.

Ashley-We are already going to suspend the bylaws, so can't we suspend them more loosely?

Yes

Bryan A-Did she say how she was going to pick people?

Ashley-They have to be effected by mass incarceration.

Jehoan- Given that AS elections start Week Nine, could you ask the Senator if she will start sooner so she won't interfere with campaigning?

Colin-The poster may be taken down. During elections, most of the posters come down.

Emily-I wonder about people using those display cases. This might fit better in the display cases.

Claire-The space downstairs is reserved through the end of the year.

Handa- Has this ever been done before? Do we have release forms for the people in the pictures?

Colin-We have suspended bylaws to allow the Before I Die Wall. We have to suspend bylaws to allow for semi-permanent projects. I'd recommend that she starts sooner.

Bryan D-All the pictures have release forms.

Colin-I'd prefer she end March 4 in time for AS Elections.

Bryan-She shouldn't interrupt AS elections.

Jehoan- They won't be shipped in time.

Bryan D-What Jehoan said.

Emily-The intention of that space is event driven space. I'm wondering what alternatives there might be.

Claire-It is possible to limit the space provided.

Madelyn-It seems like a value project. Could we allow it be during the First three weeks of spring quarter?

Colin-That is during campaign season.

Bryan D-She would like to change the date to March 23rd to March 4th.

Colin-That's fine. As long as they are down by the end of March 4.

Steven-It would look better to have one project but I would like the project to be up as possible.

Colin-I'd like to recommend a long term plan and approve a short term plan. We should offer other spaces.

Gary-Could we move the art after it's up?

Colin-I think that is more Nadia's call. UCEN doesn't have jurisdiction over the alternative spaces near the atrium.

Bryan D-Nadia would be willing to move her art later in the project. She is going to talk to the LOFT and the CCC for viewing

Emily-Would this involve taking down posters that are currently up?

Colin-She'd have to work around those other posters.

Colin-I move to approve this project from February 23rd to March 4.

Madelyn- Could we make the posters vertically aligned?

Gary-Can we suspend the bylaw to allow for the vertically aligned posters?

Louie-I believe she said we can't go below half a foot below the mesh screen.

Bryan-What is the purpose for the rule of the low hanging posters?

Tiffany-Do we know how much space is being used during that time?

Colin-Two should be able to fit vertically. I'd suggest a motion to limit the number of posters.

Hands-How many posters did she order?

Jehoan-Given the pictures you are showing, I want to see this effect.

Colin-We would be taking away publicity from student orgs if we maximize the atrium for this purpose.

Madelyn-Can't they use the plaza?

Colin-It is a lot less visible.

Jehoan-She ordered 26 posters.

Madelyn-approve this project from Feb 23rd to March 4 stipulating to

Bryan D-Seconded

Colin-I object. I don't like maximizing the atrium for one project.

Gary-We might only be able to fit one deep. I'm not sure how much is available.

Handa- I don't think we have enough information. I'd suggest tabling.

Bryan A-Can we take a quick field trip to see the space.

Handa- I move to table for a week

UCAB Meeting Week 5 Winter Quarter Tuesday, February 3, 2015

Madelyn-Can we advertise as a partial shut-down of Price Center?

Yes

Claire-We will be looking at priorities to discuss next year's fiscal budget.
