Special Presentations (Jackie Duerr)
• Transfer Center Space Collaboration
  o Original Request: Welcome information desk, open study space, presentation room for events, group study rooms, some office spaces.
  o Potential remodeling of the Commuter Lounge:
    ▪ Front Desk- to become the wayfinding station
    ▪ Study rooms behind desk- to be converted to offices
    ▪ Study area- to become a programming space
  o Programmatic space is useful for practice workshops to advance the goals of transfer students. It also provides transfers a dedicated space to congregate.
  o Advocating for a hybrid Transfer/Commuter student space.
  o Questions/Discussion
    ▪ Aditya: How do you envision this? What types of programs do you plan to host?
      • Jackie: This space could hold many different events. For instance, a speed networking event, speaker event, or even a collaborative event with the commuter lounge. This would include a discussion about what furniture to keep and what to purchase.
- Sherry: What kind of services would the wayfinding front desk provide?
  - Jackie: Students need this resource to find their way around. One service would be telling students where to find everything. This is a resource center, and quite necessary to have.

- Emily: By converting the lounge, are you thinking about a wall?
  - Jackie: It is something to be explored.
  - Emily: It is a popular lounge space for students right now. If you have an event, the part of the space open for studying might disrupt or be disrupted by your event.
  - Jackie: How we create this space is open to discussion.
  - Emily: If it is not possible, would you be open to reserving the rooms when you need that space?
  - Jackie: Yes, however, we do not have priority to reserve these rooms. If not a programmable space, we need to get priority to reserve these rooms.
