Fall/Winter Highlights

We had an amazing start to the year! Our programs were developed to support UC San Diego students during a time of unprecedented challenges. We were able to educate ourselves and take action in any way we can as we do the same. As we mourn for George Floyd, Ahmaud Aubrey, and Breonna Taylor, and those in our community who are fighting for equality and basic human rights. As we mourn, we want to make it clear that this is not the first time that we as a society have had to come together to address racial injustices that have occurred throughout history and continue to occur in our country.

Our staff and students at University Centers are heartbroken over the systemic racial injustices that have occurred throughout history and continue to occur in our country. Racism and discrimination are not limited to physical assault or violence. They are systemic and often happen behind closed doors. This pandemic has shone a light on so many systemic issues we’ve overlooked for too long. As we deal with these issues, we want you to know that we are here to support you and you are not alone. We are fighting for you.

UCAB also expanded representation access to meeting rooms through the University Centers Advisory Board. This was inspired by the many sacrifices of our student population. Our team is dedicated to creating inclusive spaces that support student leadership in our University Centers. We want to provide student organizations with an opportunity to connect, learn, and grow. We value the education of our student population. As part of Student Life, a division of Student Affairs, University Centers and student organizations work together to bring a wide range of educational opportunities to students on a daily basis.

This past year, we had the opportunity to support the many sacrifices of our student population. As we continue to navigate through this pandemic and learn from each other, we will remain committed to working as a community to support one another. We will continue to listen, learn, and grow. We are proud of the work we’ve accomplished in the past year and we will continue to support our students and their organizations. We will continue to create inclusive spaces that support student leadership in our University Centers. We value the education of our student population. As part of Student Life, a division of Student Affairs, University Centers and student organizations work together to bring a wide range of educational opportunities to students on a daily basis.

Thanks to all essential workers who kept the student union clean, safe and accessible to all students. Covid-19 challenged us to create balance and foster well-being through space activation and virtual programming. We are proud of the work we’ve done and we will continue to support our students and their organizations. We will continue to listen, learn, and grow. We will continue to create inclusive spaces that support student leadership in our University Centers. We value the education of our student population.
